GRATEFUL WOMAN RELATES HOW SHE GAINED STRENGTH

This Ogdensburg Resident Was Weak and Without Ambition Until She Tried This Tonic

"I feel it a duty to tell those who suffer as I once did about the remedy that restored my strength and happiness after many months of suffering," says Mrs. B. Ellis, who lives at No. 59 Patterson street, Ogdensburg, N. Y. "My blood was depleted and weak and as a result I became so nervous that I couldn't sleep well at night and was easily startled. I suffered from indigestion and had night sweats that left me very weak. I was cold most of the time and trembled all over. "I had often heard of Dr. Williams' Pink Pills and decided to give the remedy a trial and my experience justified all the good words that I heard of the pills. I began to gain strength in a short time and gradually the color came back to my face and I knew that my blood was becoming richer. My stomach gained strength as did my nerves and I now feel as well as ever. I sleep well and am rested and enter upon the tasks of my home with new energy and ambition. Dr. Williams' Pink Pills are an excellent tonic and I have recommended them to many of my friends. "Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., 50 cents per box, six boxes \$2.50, postpaid. Write for the free booklet, "Building Up the Blood."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath. Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

Relieves After Effects of Breaks and Sprains

Recovery from fractures and sprains is slow enough at best, but there is no use in being laid up any longer than absolutely necessary. Massage the injured part gently with Housatonia daily. Aching and soreness will quickly go. The case of E. E. Downing, who lives on Walnut St., in Waverly, O., is one of the many proofs of what Housatonia will do. Says Mr. Downing, "Some time ago, I had the misfortune to break my leg. I tried several remedies without results, until I began using Housatonia. Liniment and am glad to testify that the results were beyond my expectations." On rheumatic joints and swellings too, Housatonia has an almost magical effect. Better get a bottle from your druggist and keep it handy. \$1.00—half size 50c, trial size, 25c. Ask for Housatonia-e-a-h (The Original Jongs' Liniment), and look for Dr. Jongs' picture on the yellow wrapper. The Dr. J. C. Jones Co., So. Charleston, O.—Adv.

Thought She Would Die from Eczema

"I went to Johns Hopkins Hospital. I went to several doctors. I tried other remedies. I thought I would die. D.D.D. cured me after and I am now well as ever. OIL WELL YIELDS \$100 DAILY; LOCAL FIELD PROMISING

Crawford Hole, Shot Tuesday Will Produce More Than 200 Bbl. Daily.

GRADE OF OIL IS WORTH \$3.10 A BARREL ON MARKET

Oil Sand Is Thicker In Licking Field Drilling Experience Shows.

The oil production in Licking county promises a nice revenue for those who own land on which productive wells are found. The well on the Crawford farm shot Tuesday, brought in 255 barrels the first 24 hours. The owner of the land gets a lease price of one eighth of the production. The well is flowing at \$3.10 a barrel. For the first day at the Corning grade of oil which is rated that price it brought in \$790 which would net Crawford about \$100 a day. In time it is estimated that production falls off one fourth. The well was drilled by the Ohio Cities Gas company which reports a steady and successful development of the Ohio Clinton sand oil field. Oil men declare that the field east of Newark will prove to be the equal of the famous Bremen field which was a sensation a few years ago. The local field has just been "scratched on the surface."

Ohio Wells Not Gushers. Ohio wells have not been of the gusher variety, but their production is maintained for years, with the result that the Ohio Cities and many other profits on developments. The Ohio Cities has 250 deep wells, ranging from 2600 to 3500 feet, with 1500 barrels daily production, one-third Pennsylvania and the remainder of the Corning and Wooster grade. The latter two sell at \$3.10 and Pennsylvania at \$4.50. Wells cost \$12,000 to \$15,000 each, as compared to \$50,000 to \$80,000 in Texas. There are approximately 2000 wells in the Ohio Clinton sand with an estimated total production of 7,000 barrels. The territory runs north and south through the state, east of the old gas belt. As development goes north, thicker sand is found—it runs as thick as 45 to 60 feet—and from it larger production, as compared to the older fields in Perry, Hocking and Fairfield counties. The Ohio Cities company has wells five to seven years old holding steady at eight to 10 barrels daily. It has several which have produced 40,000 barrels in all. Two new pools are the Bowling Green strip, southeast corner of Licking county, in which it is considered the company has proved up a tract of 20,000 acres. Four thousand acres near Killbuck in Holmes county also are thought to have been proved up. The Black Run pool, located in Muskingum and Licking, has been the most prolific among newer pools. The West Carlisle at the junction of Muskingum Coshocton and Licking also has been decidedly profitable. Among its newer wells are: one on the Colonel Crawford farm, Coshocton county, Madden farm, Black Run, 100 barrels; Porter farm, Licking county, 100 barrels. Initial production is usually reduced in time to one-fourth.

Denison Man Successful. Professor Frank Carney, who left Denison University where he was professor of geology is meeting with great success as geologist for the National Refining company. He is traveling over the entire United States making investigations for his company, and has located some finds for them. He is at present in Kansas. The headquarters of the company is in Chicago, Ill. Professor Carney is employed at a salary of \$10,000.

Newark Men Get Lease. A group of a dozen or more Newark men acquired a lease on 30 acres of proven territory in Kansas a few days ago.

Looks Over Western Field. Edward A. Pearsall, oil operator, is now in Newark, N. M., looking over the territory in the interest of a score of Newark men. Geologists believe that New Mexico is a promising field and already some of the big men are starting operations there while there is much action in land leasing.

Operates in New Field. Harry B. Gutches, former Granville student, is general manager of the Nu Mex Oil Company at Portales, N. M. The company started its first well a few weeks ago.

Price Sets Record. All price records for undeveloped acreage in the oil fields of North Louisiana were broken in a deal for ten acres a few days ago wherein N. N. Kronenberg accepted from F. B. Kistler of Denver \$100,000 for the property. The land lies directly opposite the holdings of the Honorable Chief Oil company no which a well is being drilled.

Experiments With Fuel. A well known Newark man is conducting some investigation and experiments with the thought of using crude oil under the boiler of a large building in this city.

Big Consumers Pay. With the view of minimizing the use of natural gas for industrial purposes, in order to assure a more adequate supply for domestic consumers in the future, the Akron city council has passed a new gas rate ordinance, the scale of which is graduated so that the largest consumers pay the highest rate for gas. The new franchise fixes the price at 48 cents per thousand cubic feet for the first 5,000 feet; 53 cents per thousand for the second 5,000; 58 cents for the third 5,000 and 63 cents per thousand for all gas consumed over that amount. Statistics from the United States Fuel Administration before council showed that the gas supply in West Virginia fields has fallen off 75 per cent.

Seeks Release from Franchise. The North Lima Gas company, supplying natural gas to the towns of North Lima and New Springfield, adjacent to Youngstown, has filed an application with the state public utility commission for an order abandoning service in these two municipalities.

Adopts Conservation Rate. Eaton, Ohio, has joined the natural gas conservation movement by passing a new gas rate ordinance which provides a rate of 55 cents a thousand for the first 5,000 feet used a month; 65

PROMOTING HOME OWNERSHIP.

The way to make up the shortage of dwelling houses, said the business manager of the Baltimore Sun in a recent address, is to interest the workers in owning their own homes. He gave some personal observations showing also how it promotes industrial contentment. In Baltimore he said there are 92,000 homes occupied by white people, and of these 53,000 are owned by the people who live in them.

This is a much larger proportion of homes owned by the occupants than prevail in most places. As a consequence, the speaker said, business men like to locate in Baltimore. The workers are more contented there than elsewhere. And apparently it has been largely brought about by Building and Loan associations, the capital of which in Maryland is \$1,503,770.448, an enormous amount for one state of that size.

The experience of Maryland shows that with public spirit an enormous amount of money can be raised by private enterprise to promote home building.

Any working man who wants to own a home should be encouraged to get it. The business men of the community should not merely praise the idea in a general way, and then leave him to work the problem out for himself. They should see that organizations are formed which will finance the project. Country towns could help greatly to solve the help problem by loaning money for little homes for farm workers.

Home ownership by the people produces a contented population, it results in higher standards of neatness and care, it promotes beautification of home grounds. You can tell a town or a street of owned homes just by looking at it.

In home ownership Newark is particularly fortunate. The liberal plans offered by the building associations in this city years ago and which continues today, has made it possible for one to buy a home and pay for it in weekly or monthly payments. It is believed that more people in Newark own their own homes than in any other city of like size in Ohio and the number of houses in Newark is approximately 7000.

Election returns from Massachusetts suggest that if the Boston police strikers had flirted with the nurse maids a little more, and listened to soap box orators a little less, they would still be proudly swinging their sticks on their accustomed beats.

Since hearing from the state elections, the Bolsheviks have decided not to march on Washington and order congress, the president, and cabinet to hand over their jobs.

COST OF UNEMPLOYMENT.

The business community and the consuming public have never correctly figured what it costs to run an industry in an irregular way. One reason alleged by the soft coal miners for striking is that they have to loaf a good deal of the time when the demand for coal is small. Now when this condition prevails in any industry, it follows that higher wages have to be paid during the limited time when the work is going on. If such industries could be so stabilized that they would run evenly the year through then it would not cost so much to get the work done.

It is claimed in regard to the coal industry that this can't be done, as so much more coal is used in the winter. But if the public could only realize the additional cost of running an industry in an intermittent way, they would see that it would pay to co-operate and spread their purchases evenly through the year, so that the industries could run on a minimum cost.

It is usually possible to buy coal cheaper in the spring than in the fall. It would seem as if the public generally ought to see that it would be for their interest to buy coal in the spring so that the mines could run regularly and at a minimum expense.

A great many labor troubles could be avoided if the industries could be operated on this even basis all through the year. And in most cases, they could run this way if the public realized the advantage and necessity of it and would distribute their purchases evenly through the year.

There ought to be a nation wide campaign for the purpose of stabilizing all intermittent industries. The public should be persuaded to distribute their purchases so that shops and mines could run regularly and avoid the periods of unemployment that brings suffering to the workers and create social unrest.

It is hard to tell in many places whether the Bolsheviks have broken out in a murderous riot, or whether it is merely the victorious football team being welcomed.

The worst kickers about corrupt government are usually the fellows who can't spend their valuable time to go to the polls.

WHY SOCIETY WOMEN WASH THEIR OWN HAIR

They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift. It is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthox mixture. You can use this at a cost of about 3 cents a shampoo by getting some canthox from your druggist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you—Adv.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenhu Completely Banishes All Rheumatic Pains and Twinges. Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferer everywhere know about his discovery through the newspapers. J. E. Evans' drug store has been appointed agent for Allenhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

"MARRIED STRANGERS" STARTS NOV. 17TH.

Frances Duvall's new story "Married Strangers" of compelling interest to men and women alike will appear in this newspaper. The Advocate has just purchased the right of publication which will begin with the issue of November 17th.

A girl, young, independent, impulsive, thrilling with life and romance of war meets a newly-made young officer and marries him after a whirlwind courtship. There is a three-day honeymoon and he sails for France. Sustained by the tonic of patriotism of flying flags and crashing bands and long olive drab columns marching away to face death on the battlefields of France, she loves him unquestionably through his two years' absence. Then he returns, a stranger. Tastes, training habits, the slow steps to understanding over which they had leaped with youthful arrogance rear ugly heads. How they solved their problems and reached the basis on which a real marriage is founded constitute the story.

"Married Strangers" is by the same author who wrote "The Adventures of a Married Flirt."

Watch for the opening chapter on Monday, November 17th. This attractive story will be presented in short installments from day to day beginning next Monday.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your
hair and double
its beauty

Oh, girls, such an abundance of thick, heavy, invigorating hair is a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on the bottle.—Adv.

At the meeting of the Order of the

Champion HAMPSHIRE HOGS

[National Crop Improvement Service.]

A N EVENT high in the annals of hog society took place at the National Swine show in September when Mr. Messenger All-Over of the Keystone farm at Marion, Ohio, met Lady Big Bone from the Essig farm at Tipton, Ind.

These hogs won the grand championship in their respective classes. "The Hampshires at the National Swine show created a very great impression, first, because there were more Hampshires there than any other breed, and second, the quality of the Hampshire was better than ever before exhibited, especially so in the show class.

"In previous shows it has been usually an easy matter to pick out the first and second prize winners, but in this show it was nip and tuck from the first to the eighth prize.

"In the aged sow class there was an interesting event which shows the

progress of the breed. The Grand Champion sows of 1917 and 1918 were both there. A 1918 sow won first place in her class, while the 1917 sow was reduced in rank to eighth. Lady Big Bone, whose portrait appears above, the Grand Champion sow, rose from the senior yearling class. She has since sold for \$2,025 spot cash to Sam Patton, Clarence, Ill. This is a record price for Hampshire sows.

"One of the exhibitors at the show sold about \$15,000 worth of breeding stock, and every exhibitor made the biggest and best sales ever experienced," says Mr. E. C. Stone, secretary American Hampshire Swine Record association. "The demand for Hampshires was extremely good. Have never seen anything to equal it. This proves the breed is growing in popularity in all sections of the country."

SMALL MINES RESUME LARGER ONES ARE IDLE

Chicago, Nov. 13.—Bituminous coal mines were today expected to return to work in increasing numbers in many of the country's lesser fields, but what they would do in the great Pennsylvania and Illinois and the Indiana and Kansas mines among others, remained uncertain. The workers generally showed a disposition to await formal notification by their immediate union officials of the strike recall message sent out by John L. Lewis, acting president of the United Mine Workers of America, in response to a federal court order.

While the recall order had been received in Illinois, Frank Farrington, district president said he did not believe the men would return to work. Alexander Howat, president of the Kansas mines also is quoted as saying he looked for no general resumption of production in that field for the present. In Indiana it was indicated on an extensive scale, it is believed will not be resumed before next week at earliest.

At the two Pennsylvania district opposite outlooks outside of the district number 2, President John Broby said he expected a return to work by the miners as soon as the local union officials could explain the situation. In district number 3, it was said the president remained at Indianapolis but had sent no order to his subordinates to return to work and it was not known when that would be done.

From West Virginia, Arkansas, Missouri, Oklahoma, Colorado, New Mexico and Utah came optimistic reports. In the majority of mines in those states it was believed virtually normal production would be reached by Monday.

ALL OHIO MINES IDLE THOUGH MEN GET ORDER

Columbus, Nov. 13.—Although practically all locals of the United Mine Workers had received official notice of the recall of the nation wide strike order, few of the 40,000 union miners in Ohio returned to work today according to operators and headquarters of the United Mine Workers here.

At headquarters of the United Mine Workers it was said that operators had been advised of action miners were taking. Reports from the mining districts indicated, however, it was said that the men would not return to the mines until a new agreement is reached between the local committees of the miner and operators.

Part of the Ohio miners drew their pay for the last half of October Monday while others will be paid Friday. Operators were fearful of the men returning to work this week. Some were inclined to believe it would be 30 days before the mines can resume normal operations.

It was noted that the mining men were on strike Sunday, and miners lay out in great numbers during the hunt for work.

The district executive board of the Ohio miners will meet at the Washington to attend the joint conference of the scale committees of the miners and operators.

UNION HEADS ON WAY TO WAGE CONFERENCE

Indianapolis, Nov. 13.—Representatives of the United Mine Workers of America who will participate in the conference in Washington tomorrow with the operators and secretary of Labor Wilson today are on their way to the capital in an optimistic frame of mind. They believe that if the mine owners are evenly well disposed, a new wage agreement can be reached in a very short time.

The one possible obstruction to speedy agreement is the question of when a new wage agreement will become effective. The miners will insist that this be at an early date.

Pending developments of the Washington conference, attorneys for the miners announced here last night, the union from the ruling of the federal court in the injunction proceedings instituted by the government will be held up.

The situation in the Indiana coal fields was little different today from that during the strike. In all parts of the coal district the miners apparently were awaiting the results of the Washington conference before deciding to return to the mines.

WEST VIRGINIA MINES IDLE DESPITE RECALL

Charleston, W. Va., Nov. 13.—Practically every coal mine in union fields of West Virginia was idle today and while a few miners have returned to work following the United Mine Workers recall of the strike order, indications are that a majority of the men will not enter the mines until they have been "officially" notified to do so by their international executives.

Within the next five or six days the federal troops on duty in mining communities of the state will be withdrawn, according to a statement by Governor John J. Cornwell following his conference last night with Major General Leonard Wood.

PITTSBURGH DISTRICT MINERS STILL IDLE

Pittsburgh, Pa., Nov. 13.—Coal operators of the Pittsburgh district and central and western Pennsylvania districts reported today that union miners of this area have displayed no inclination to return to work despite the recall of the strike order by United Mine Workers executives. Reports indicated that the miners were standing firm, and would not go back to work until notified by a district officer of the union in person, that the strike has ended.

OVER 500 NEW PHONES INSTALLED BY THE NEWARK TELEPHONE CO.

Since Last Directory Was Issued 510 New Installations
Have Been Made—An Average of 90 a Month.

Since the last directory went to press the Newark Telephone company has installed 510 new telephones. This is an average of about 90 installations a month. A number of conclusions may be drawn from this remarkable growth. First the service must be of a high standard; second the rate for telephone service must be reasonable and third that Newark must be growing. This rapid increase could not have been unless all these things were so.

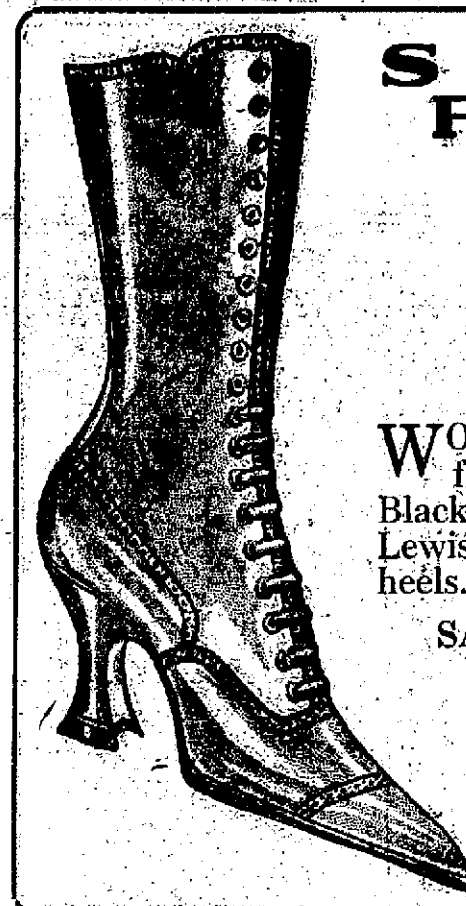

The Newark Telephone company has completed the engineering work necessary for the consolidation of the Bell Exchange with the Automatic, the material and equipment has been ordered and the actual physical consolidation should be completed by April or May next.

Below is a list of the new telephones added.

The CHENEY
NO other phonograph has tones to rival The Cheney—for The Cheney utilizes acoustic principles never before applied to tone reproduction.

It reaches new heights in tonal beauty, establishes a new standard in the art of reproducing music.

A full page of type could scarcely tell you the whole story. Let us play The Cheney for you for five minutes and you will appreciate its wonderful improvement in tone.

To be sure, it would be timely to choose an instrument now and set it aside for Christmas. But we shall not urge you. We only ask opportunity to play for you.

BUILDING A HOME A PATRIOTIC PRIVILEGE
The Southern Pine Association Has Added Still Another Building Book
to Its Useful Collection.

(National Crop Improvement Service.)
WITH the increasing of our
population and our educa-
tion in better living, the
demand for comfortable and artistic
homes with an individuality is grow-
ing faster than it is being supplied.

This means that all forces must
seriously consider the housing prob-
lem and build to relieve the conges-
tion and to offset the ever rising
rents which must of necessity de-
mand a premium for the more de-
sirable homes and apartments.

The Southern Pine Association has
done a great work in preparing work-
ing drawings and beautiful designs
for modern homes of all types from
the cheapest to the most palatial, and
anyone who will write to them at
New Orleans, for their printed mat-
ter, can get a beautiful series of
books showing exteriors and floor
plans of houses of every modern
type.

They also are furnishing plans for
stables, garages, dairy barns, feed
sheds, hog houses and poultry
houses and have installed a service
which will give any information
whatever to the prospective user of
wood, how to build and how to esti-
mate the cost and where to get the
material.

Of all the woods available for home
building, we believe there is no other
so suitable in its all purposes, adapt-
ability, modern cost, durability, beau-
ty and availability as both long leaf
and short leaf southern pines.

Many houses are still standing
which were built in the early days of
our republic, still in fine condition

and you can build today a liveable,
lovable home of southern pine.
Because of its strength and dur-
ability, it is the natural choice for
house framing and for exterior trim
and siding, where it is called upon to
withstand weather wear, and be-
cause of its dense, even texture, its
workability and its beautiful varied
grain, it is the most adaptable of all
material for interior finish and trim
and floors.

The association has suggested a
thousand uses of pine which would
not occur to one who had not given
a great study of the subject. They
will show you how to make built-in
closets and wardrobes with drawers
on one side, closets with small mul-
lioned windows above; storage space
everywhere in the kitchen with glass
or paneled doors; cabinets built each
side of a seat around a window; high
paneled walls for your dining room;
built-in ironing, boards and equip-
ment for your laundry; work benches
in the garage; artistic gates,
fences, trellises, lattice, flower boxes;
baby gates for porches, newel
posts for your stairway; garden fur-
niture and pergolas; it being an
ideal wood for the man who loves
artistic joinery which will take a
beautiful finish.

Southern pine is plentiful and
moderate in cost and is considered
the one wood that meets with all the
varied requirements indoors and out.

The association will furnish blue
prints and working drawings at a
nominal price and render every as-
sistance in making every job turn out
successfully.

HAS 11 REASONS TO JOIN BUREAU

President Graham Declares
the Organization is In-
creasing the Wealth of
the Country and Will
Help Put Down Unrest.

In naming eleven reasons why Lick-
ing county farmers should join the
farm bureau, John S. Graham, of Gran-
ville, president of the bureau, declares
that the organization is increasing the
wealth of the country, reconstructing
the agricultural life of the county, and
will be instrumental in helping to solve
the industrial unrest in the nation's
food supply. Graham's eleven reasons
follow:

The Licking County Farm bureau is
increasing the wealth of Licking county
very materially. The wealth of a com-
munity means the wealth of its people,
therefore directly or indirectly you
will get your share.

The bureau is already an assured suc-
cess. You are not asked to support a
hazard.

The bureau is the greatest and most
effective movement for the reconstruc-
tion of agriculture and country life
that has ever been created and the re-
construction of agriculture to you and
your family means eventually greater
savings and a better community. You
are then merely asked to invest.

Industrial unrest is largely due to the
ever increasing cost of living. The food
supply has been rapidly decreasing in
the face of an ever more rapid increase
in demand. The solution of the agri-
cultural problem is at the very founda-
tion of our industrial and social peace
and prosperity.

The success of the Licking county
farm bureau means more money pouring
into our county, cheaper and better food
and a happier and more beautiful sur-
rounding country.

The work of the bureau is doing
among the boys and girls will mean
brighter and happier and more com-
fortable lives and a better class of citi-
zens.

The bureau is transforming the spirit
of farmers and of whole town from
that of pessimism, shiftlessness and self-
ishness to a spirit of hope, enterprise
and enthusiasm for agricultural and
country life and community building.

Your support and active membership
will add to the momentum and force of
this new spirit as well as to the re-
sources.

Never have you had an opportunity
to invest money in, or cooperate with
a more vital enterprise than this one
that will give more certain and larger
returns both in dollars and cents and in
general welfare and happiness.

Our bureau is a member of the Ohio
State Federation, an organization that
President Wilson recognized when he
called his conference in Washington to
confer on the needs of the nation.

For every dollar you subscribe Lick-
ing county is adding another thus
doubling your investment.

OHIO MAN ELECTED.
New Orleans, Nov. 13.—Delegates to
the annual convention of the American
Society for Municipal Improvement left
today after selecting St. Louis as the
next meeting place and electing G. D.
Norton of Buffalo president. Other of-
ficers elected were E. K. Rankin of
Newark, N. J., and W. W. Horner of
St. Louis, vice president; C. J. Jones
of Valparaiso, Ind., secretary and Fred
Cellarius of Dayton, O., treasurer.

CINCINNATI LEADS IN RED CROSS DRIVE

Cleveland, Nov. 13.—National head-
quarters of the American Red Cross, in
communication today with the Lake
division headquarters here says Ohio,
Indiana and Kentucky still lead the
country in the \$19.9 million cam-
paign race. Cincinnati with \$22,000 of
its 110,000 quota already collected, leads
the country.

Owing to reports to division head-
quarters of a large proportion of the
357 chapters which are continuing the
campaign, totals for the division will
not be officially announced for at least
a week.

CRAWFORD WELL SHOT; FLOWS 255 BBL. DAY

The oil well recently struck on the
A. B. Crawford farm east of Perryton
by the Ohio Cities Gas company was
shut Tuesday afternoon at 1:45 o'clock
and within 24 hours had run 255 bar-
rels. Previous to the shooting it had
flowed 255 barrels. Three tanks have
been erected to take care of the oil until
it is gaged after which it is turned into
the pipe line.

TO MOVE ARMY STORE FROM OHIO CAPITAL

Cincinnati, Nov. 13.—If Colonel J. P.
Castelman finds a place large enough
in Cincinnati to establish a government
store, the one now being operated at
Columbus will be closed.

Colonel Castelman made this an-
nouncement here today, after he had
covered the business section in search of
a suitable location.

"If I cannot find a place large
enough in Cincinnati, I will open it in
Cleveland," he said. "I need a place
big enough to accommodate a maxi-
mum of 200,000 customers in a day."

Louis Lueger, sales manager of the
store at Columbus was here yesterday
to make arrangements for the opening
of the store here in case a suitable
place is obtained.

LAYTON IS DRY OFFICER.

Columbus, Nov. 13.—Roy Layton of
Wapakoneta, present adjutant general
of Ohio has been appointed as prohibi-
tion enforcement officer for Ohio, ac-
cording to special dispatches to Colum-
bus newspapers today from Washing-
ton.

COP SHOOTS HIGHWAYMAN.

Cleveland, Nov. 13.—Patrolman
Moell, in a running gun battle early
today, shot and probably fatally wound-
ed a highwayman after the bandit had
held up and robbed five men in four
different localities in quick succession.
At a hospital where the bandit is said
to be dying, he gave the name of Frank
More and claimed his home was in New
York.

PASTOR TO BECOME EDITOR.

New Philadelphia, Nov. 13.—Rev.
George L. Moore, son of Rev. O. J.
Moore, pastor of the First M. E. church,
has accepted a position on the edi-
torial staff of the World Outlook, New
York. Rev. Mr. Moore is pastor of
North Third Methodist church, Brook-
lyn. He formerly was editor of the
Daily Leader, East Palestine.

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment
for rheumatism, has been found that
hundreds of users say is a wonder, re-
porting cases that seem little short of
miraculous. Just a few treatments
even in the very worst cases seem to
accomplish wonders even after other
remedies have failed entirely. It
seems to neutralize the uric acid, and
hmo salt deposits in the blood, driving
all the poisonous clogging waste from
the system. Soreness, pain, stiffness,
swelling just seem to melt away and
vanish.

The treatment first introduced by Mr.
Delano is so good that its owner wants
everybody that suffers from rheumatism
or who has a friend so afflicted, to get
a free 75c package from him to prove
just what it will do in every case before
a penny is spent. Mr. Delano says: "To
prove that the Delano treatment will
positively overcome rheumatism, no
matter how severe, stubborn or long
standing the case, and even after all
other treatments have failed, I will, if
you have never previously used the
treatment, send you a full size 75c
package free if you will just cut out
this notice and send it with your name
and address with 10c to help pay post-
age and distribution expense to me per-
sonally."

OLD MEN AND OLD WOMEN ARE MAKING GOOD

Hundreds of men and women well along in years have taken a most remarkable new lease on life, rose up and doing more than their share of work and enjoying it, not asking favors of anyone.

There is no secret about this. Every man and woman past the prime of life can come back strong, look young, and feel young, in a short time, if they will just follow the laws of nature.

Old people THINK they are worn out because of age, and they feel that way. This is all wrong. One of our leading doctors says that looking and feeling old is due to lack of iron and phosphates in the blood and nerves. When people are young, they have a good supply. As they grow older and draw on this reserve, they commence to run down unless they are wise enough to re-charge their blood and nerves with Phosphated Iron.

Continuing, the doctor said, "Every man and woman along in years can be made strong, keen, healthy and alert, enjoying life's pleasures again if they will simply renew their blood with iron and phosphates. Phosphated Iron makes new, red blood, strengthens the nerves, rebuilds energy, renews endurance and often increases the strength of weak or old people one hundred per cent. in 2 weeks' time. Thousands of run-down old people who were ailing all the while have surprised their friends with a most astonishing return of health, strength and vitality simply by taking Phosphated Iron. Phosphated Iron is put up in capsules, only, don't take inferior pills or tablets. For sale by

LONGING—You will never again ask yourself why you have such a poor complexion if you will be sure to use the formula given you here. You'll wonder why other women "have such poor complexions." Go to the drug store and get one ounce of the "Longing" cream. This will cost about 50 cents. Mix with two tablespoonfuls of glycerine in one pint of water. Apply this cream to your face and rub it in thoroughly, every day. Dried blemishes will disappear quickly, and your complexion will be a lovely pink. It will come true. It never fails to give a queenly, adorable, extraordinary skin and purity to the skin.

MRS. "HARRY"—It is just as easy to remove sunken brows now as it is to use your favorite face cream or lotion, and just as agreeable. If you use the "Longing" cream, the usual powders and pastes often irritate and reddens the skin, and this has done more than anything else to make it a drudgery for women to use a sunken brow remover. Now all danger, irritation and skin redness is eliminated by the use of a few drops of "Longing" cream. You can apply this instantly with the fingers on the hairs to be removed. There is nothing to mix or get ready. The hairs can then be literally vined off with the fingers. The skin is left smooth and soft as a baby's. This "Longing" cream is often without any skin irritation even to delicate parts. It is ideal. Use it on the arms, shoulders, bust, ankles, arms, etc. It makes the skin soft and this makes them more supple and grow faster.

SORE ARMS—I want you to try this for the control of that excessive and unnatural perspiration in the armpits. It will save your garments, too, and prevent many of the embarrassing situations. Simply sprinkle with "Longing" cream, freely. This is really a wonderful article for the purpose and any drug store can supply you. A six-cent can of this will last you several months.

HOW ANY GIRL CAN HAVE PRETTY EYES

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchhazel, camphor, hyacinth, etc., as mixed in Lavoptik eye wash, will brighten the eyes and a week's use will surprise you with its QUICK results. Regular use of Lavoptik keeps the eyes healthy, sparkling and vigorous. The quick change will please you. Dainty aluminum eye cup FREE. R. F. Collins, druggist.—Adv.

AUDITORIUM.

"Daring Hearts."

The return of Francis X. Bushman and Beverly Bayne to the screen in a strong stirring picture of love and adventure was not only refreshing but a rare treat, and a full house is sure to see "Daring Hearts," at the Auditorium today.

The feature is a classic and although it has the war for a background and pictures two of the most famous in history all the horror and ghastly, gruesome features of the war and war-torture are eliminated. It tells the story of Alsace and shows what the little state endured. There are thrilling aviation scenes, a marvelous achievement for the camera. The aviation scenes are vivid and clear. The whole is an unusual history of big events, vividly portrayed and interwoven in an intense story of love and adventure. The feature is shown for three days.

"Fiddlers Three."

Automobiling on the continent gives every sign of being the favorite summer excursion of Americans for the next few weeks, says Madame Taviel Belge, prima donna of "Fiddlers Three" coming to the Auditorium next Tuesday.

TAVIEL BELGE AND THOMAS CONKEY IN "FIDDLERS THREE" AT THE AUDITORIUM TUESDAY, NOV. 18.

day night. Madame Belge hails from Antwerp, where in the days before the war she was the leading soprano in the Antwerp Royal Opera House. For three years Madame Belge has been on this side of the Atlantic, first singing under the auspices of the Belgian Relief Association, throughout Canada, and then making her initial appearance in America under the guidance of John Coit in the operetta "Fiddlers Three."

"The roads abroad have had unusual attraction to Americans," said Madame Belge, "for they are so wonderful. Many of them have been in existence for centuries, some in southern France and Italy having been made and used by the Romans. So we can claim the roads of the world since some of them have lasted for 15 centuries. These roads are kept in the best condition. Of Belgium, Madame Belge could give some interesting details of this road. Each municipality, each district is responsible for the care of the roads within its limits. The physical care of the roads is in the hands of a local committee, but the cleanliness of the road itself is a matter no housewife will put on the shoulders of a committee. It is the custom in Antwerp for every housewife to hold herself responsible for the cleanliness, not only of the sidewalk before her house, but the street itself to the middle of the space. Then the housewife who lives opposite her, is expected to keep clean her half of the public thoroughfare."

The custom holds good in the country in many places. The wife of the farmer is equally sensitive to the cleanliness and well-being of the road that runs before her home and she sweeps and scrubs the road that passes before her home.

Automobiling in Europe is not as destructive to clothes as over here. Spectacular care has been given the making of the roads, and the final touch to every road is a sprinkling of pulverized gravel that seems to hold the dust and dirt.

Then another asset of the continent is the variety of scenery. The automobilist encounters in a short time. A few hours takes him from one country to another from forest land into the mountains, from lakes to coast. The very people he meets are different, their customs, their cooking all help to add their share to traveling which every traveler seeks.

"The Smarter Set."

The Virginia Pilot of Norfolk, Va., of October 25th has the following to say regarding "The Smarter Set" company which comes to the Auditorium next Wednesday afternoon. "The Smarter Set" is a notable aggregation of colored talent known as the Smarter Set was seen at the Colonial last night in a musical comedy, entitled "The Children of the Sun." The performance was very creditable to the producers. The play is a well cast and the fun-making is placed in quite capable hands. Salem Tutt Whitney, as Abraham Washington leader in the quest for the place of origin of "The Children," is especially effective in his work.

The Fear Woman.

The Alhambra tomorrow offers an

other most pleasing program with Pauline Frederick as the star and she is seen in "The Fear Woman," a Goldwyn picture. The story is as follows: "With Helen Winthrop, a well-bred young society woman who sacrifices her reputation to save that of a friend, as the central character, the plot of 'The Fear Woman,' Pauline Frederick's newest Goldwyn picture, is of intense, absorbing interest."

Helen Winthrop, obsessed with hereditary fear, is engaged to marry Robert Craig, an attorney. Shortly after the announcement dinner her father suddenly dies of alcoholic poisoning, leaving a note warning his daughter of the evils of liquor. Terror-stricken at the thought of a supposedly hereditary taint, she breaks her engagement to Craig on the eve of the wedding and goes to the home of friends, Mr. and Mrs. Scarr, to forget her sorrow.

Scarr, busily engaged at his office necessarily neglects his wife, who basks in the love of a young man about town, Bruce Terhune. Shipped from her home one evening, she goes to his apartment, leaving her note behind her. This is found by Helen, who resolves to save her friend and follows her to the apartment. Meanwhile, Scarr has found the note, proceeds to Terhune's and is about to apprehend

his wife, when Helen confronts him, shouldering the blame.

When a Girl Loves.

The first Jewel Universal production, since the memorable photoplay "When a Girl Loves," will be seen at the Alhambra theater Monday and Tuesday, with Mrs. Charles Garslin (Mildred Harris) in the leading role. The new production is entitled "Home" and in it is offered a contrast in the home life of the rich and the wholesome atmosphere of a humble dwelling place of loving hearts.

LYRIC.

This evening at the Lyric there will be repeated the big success of last

evening "The Count and the Gawk" presented by the Walter Ross Camp Fire Girls. The style is all new and the specialties are exceptionally pleasing. Of course Mr. A. Monetti the accordion player comes in for a large share of the honors while Messrs. Ross and Hunter do some very clever comedy work.

GRAND

Leah Baird and James Morrison in their clever picture of love and honor closed an exceptionally prosperous engagement at the Grand theater last evening and today opens the rough and ready heart interest story of "Let Katie Do It," featuring Jane Grey and Tully Marshall, two of the most known and capable stars. The picture is under the personal direction of D. W. Griffith. The company supporting has been carefully selected and thoroughly capable in every way. This picture has positively never been shown here before. The comedy feature is "Pay Tmether in 'Sally's Blighted Career'."

PLEASANT VALLEY.

Mr. and Mrs. M. S. McKee and son Loren spent Sunday at the home of Herbert McKee and family of Black Run. Mrs. Zora Billman and Miss Floe Booth were Bladensburg callers Thursday.

Mr. and Mrs. Milligan Dunn spent Sunday with Marion Dunn and family of Shepherd Valley.

Newark callers this past week were Miss Floe Booth and William Booth, Henry Billman and Ora Booth, Frank Beckford and Ed. Dunn, M. S. McKee and Mrs. G. W. Priest.

AN INTERESTING STORY NOW TOLD BY NEWARK MAN

Is Kept Busy Telling His Friends How He Got Rid of a Severe Case of Stomach Trouble and Constipation.

SICK SINCE 1917.

States That Two Bottles of the New Medicine Drego, Have Done Him a Great Amount of Good.

"I am kept busy these days telling my friends what it is that makes me look so much better and feel like myself again," says Mr. George Anglett of Newark, O.

"My stomach has bothered me very much since back in 1917; seemed like everything I ate disagreed with me, and I soon realized I was cutting out first one thing and then another, because it did not agree with me. I grew thin, weak and pale, and was the picture of a genuine 'Dyspeptic.' My bowels were also badly constipated, and my liver was inactive, which kept me continually taking physic."

"I've now finished taking the second bottle of Drego, and my condition shows a remarkable improvement. I can eat many things which I have denied myself of many times without hurting me afterwards. My color is better, I have more strength and feel good all the time, as I get good rest at night. My bowels act regularly every day, without the assistance of other medicines. Drego surely has given itself a wonderful medicine in my case."

Drego is a combination of many different medicinal herbs, that act directly upon the liver, kidneys, stomach, bladder, and the blood. It neutralizes the poisons of the system, and causes the organs to take on new life and energy, and rebuild the body. Nothing has a quicker or more positive effect in relieving the indigestion, constipation, neuralgia, dizziness, nervousness, poor appetite, loss of weight, poor sleep, catarrh, gas on the stomach and rheumatism. Drego does not contain potassium, mercury, or any other harmful mineral.

All good druggists now sell Drego and it is highly recommended in Newark by Evans' Cutlery Drug store.—Adv.

Take "Cascarets" for Your Liver and Bowels and Wake Up Clear, Cheery, Fit—Don't Stay Sick!

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and ching. Your meals are turning into poison, gases and acids you can not feel right. Don't stay bilious or constipated. Feel splendid all day by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.—Adv.

WARNS INFLUENZA WILL COME BACK IN MORE DANGEROUS FORM

Dayton, O.—Declaring that people gained nothing from their experience with the ailment in 1913 and 1914, Dr. W. A. Evans, prominent health authority and writer of Chicago, today predicted that the world would again be swept by an epidemic of influenza far more severe and disastrous than last year when thousands of lives were lost. The only way it can ever be alleviated or exterminated is by following the advice of the medical world. Influenza can be prevented, last year's results prove that. As a preventive for flu, Turpo has been a pronounced success. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has always been known as the best home

germicide), camphor and menthol in a pure mineral base. These ingredients have long been recognized as effective germicides, as well as having really wonderful qualities in relieving colds and congestions. Snuff a little Turpo up the nostrils several times a day and the flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo. Buy a thirty-cent jar of Turpo, while your druggist has a supply on hand, and use as directed. Last year druggists could not supply the demand. Remember that Turpo is a preventive, not a cure for influenza. Take care of yourself and if, in spite of your precautions, you think you have the flu, go to bed at once and call a doctor.—Adv.

**THE HOME BUILDING
ASSOCIATION CO.**

North Third and West Main Sts., NEWARK.

By Marcellus W. Meek, Sec'y. National Fancy Rabbit Club, Chicago.

(National Crop Improvement Service.)
THE price of furs, while creating a good deal of apprehension, seems to have filled our fashionable ladies with delight. The more things cost, the more they appreciate them.

Furs, at any price, would be impossible to get if it were not for the increasing supply from the rabbit industry.

The beautiful "silver fox" furs which pass for the genuine article in most circles, are taken from the glossy coats of the Champagne d'Argent which mostly came from France and Japan, although there are now a few in this country.

"Red fox" is made from the fur of the silver fox rabbit.

"Southern beaver" which is often mistaken for "nutria," is the product of the Havana rabbit.

"Coney" from which so many popular furs are made in all colors, comes mostly from the New Zealand red rabbit.

Most of the beautiful "mole" skins are made from various handlings of the American blue and the English beaver.

These furs have all the quality and style and are worth all they cost. They are both beautiful and durable and the only pity is that they should not frankly be called rabbit, because the rabbit ought to have credit and the industry ought to be encouraged.

and fashionable women educated to wear them frankly without camouflage.

The rabbit industry is increasing and breeders everywhere are improving the quality. Some individual pelts sell as high as \$100 each and \$25 and \$75 is quite common, although the great majority would bring a dollar.

There is one man in New York who advertises for five million rabbit skins. He probably won't get them this year but the situation is serious because Belgium, Holland and northern France were all breeding rabbits before the war, whence we got a great deal of our supply.

It is therefore timely that we should encourage the breeding of fine American rabbits. There is nothing which can compare with their flesh for delicious flavor of meat, and there is little risk in growing fine rabbits because their skins are always valuable.

The Fancy Rabbit Club is organized by the leading breeders of America. Anyone who loves animals can become a successful rabbit breeder because they take very little space. Any back porch will suffice and the club will be very glad to send all information regarding the breeding and care of rabbits to any inquirer and will welcome the new breeder into the brotherhood.

CREED OF LEGION IS PATRIOTISM

Resolutions Adopted Indicate High Ideals of Ex-Service Men For Purer Americanism.

Minneapolis, Minn., Nov. 13.—Declarations placing the American Legion on record against anti-American propaganda and activities were adopted at legion convention here yesterday. Resolutions adopted include:

Demanding adoption of a federal constitutional amendment barring from citizenship the American born children of Orientals and others not eligible for citizenship.

Demanding deportation of alien slackers and enemy aliens entered during the war, with selective admission to foreigners.

Authorizing appointment of a legion committee to spread the teaching of the legion's doctrine of "100 per cent Americanism" among the veterans of the war and aliens in this country.

Demanding a "change in the department of justice from a passive organization to a militant, active branch whose findings will be promptly acted upon by the executive authority."

Opposition to release of "political prisoners" to show that "there is no home in America for scoundrels."

Opposition to organization of societies for relief of civilian population of Germany, Austria and Hungary unless these societies be authorized by congress.

Leonard Withington, of Hawaii, former Harvard football star, was author of the American program adopted by the convention as the chief resolution to combat anti-American propaganda by teaching American ideals.

The convention asked that war department officials responsible for "tender treatment of conscientious objectors who were aliens, be summarily dealt with."

WESLEYAN MAKES READY FOR GAME WITH DENISON

Delaware, Nov. 13.—There are many ready things to be done on Edwards field before Ohio Wesleyan football men are ready to play Denison before a large number of old grads on November 15, the official homecoming day.

The eleven is far from being in shape for the fray, and it looks very doubtful if Coach Harry W. Ewing will be able to put a team on the field which should prove itself a top-notch combination against the Granville players. There are many injuries, and Ewing has been compelled to do a great amount of shifting. There were few men available last night for the back field. Captain Eder may not get into a suit for the remainder of the season on account of his broken cheek bone. Mahen is still suffering from a ruptured blood vessel, and Churchill has not yet returned to practice, while Groves is nursing minor injuries. Dettelle, Ensign and Miller were not out for practice last night, and Parlier has not yet dispensed with his cane. Colton is having trouble with his limb as is Toan. It is indeed fortunate for the eleven that they are getting a rest this week-end, and it is not at all possible that the men will be in condition for the big day on the 15th.

FIND DUM-DUMS IN MINERS' AMMUNITION

Charleston, W. Va., Nov. 13.—Careful examination of the ammunitions seized with nine military rifles at Dawes, W. Va., by deputy sheriffs yesterday disclosed the presence of some 300 soft-nosed dum-dum bullets among the regular cartridges. It was announced at Governor Carnwell's office this afternoon.

It's going to be so dry that all comparisons with the Sahara will be out of date.—Detroit Free Press.

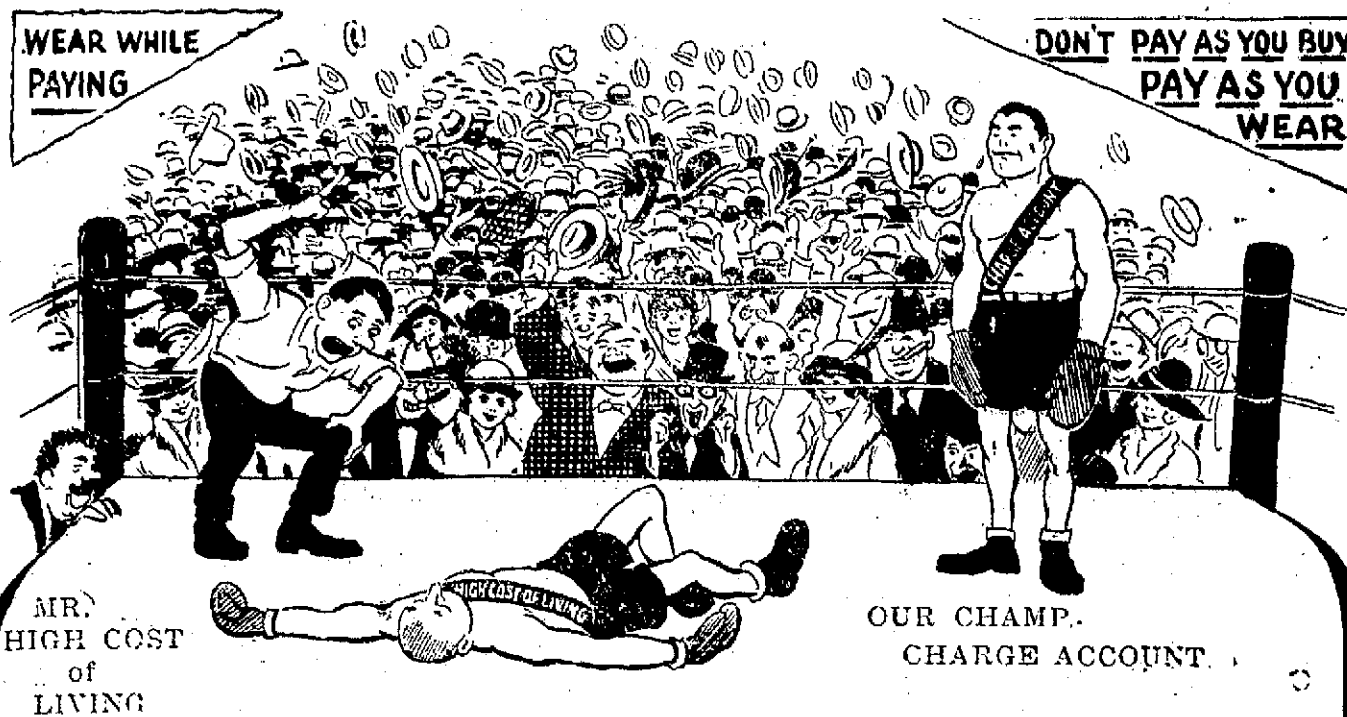

NEED 23 MILLIONS TO SQUARE RAILROADS

Washington, Nov. 13.—Under permanent railroad legislation proposed in the house bill the railroad administration estimates that congress will have to appropriate \$23,335,000 to square accounts for the period of government operation of carriers ending January 1. Representative Pennington, Republican, Illinois, told the house yesterday in closing general debate on the measure. He presented figures received from the railroad administration giving "the result of two years of government operation" showing that the total financial requirements for the carriers would aggregate \$1,613,355,000 of which the sum congress already has appropriated \$1,250,000,000.

LATIN-AMERICAN PLOT MAY HAVE CAUSED DEATH

New Orleans, La., Nov. 13.—Dr. Leopoldo Cardova, former Honduran consul here had "hundreds of bitter enemies" and his murder Tuesday night by an unidentified man, who shot the doctor and his wife, may have been the outcome of a political plot, Vincent Williams, secretary to the present Honduran consul and formerly secretary to Dr. Cardova said today. Williams and Hector Cardova, a cousin of the slain man, told the police that while they did not actually charge that politics was behind the murder of the former consul and the dangerous wounding of his wife, they believed that it might have been possible.

"SEE THE ASBESTOS SWEAT"

We take a section of a range wall, heat it, and show you the sweat standing on the outer iron casing or body.

You see and know just what happens every time a fire is made in your range. You understand why ranges rust out from the inside.

Then we show you the sheet of pure copper and how it protects the iron body. We show you the air space and how it holds heat. We show you the four walls. When you see these things with your own eyes you know why a Copper Clad Range saves fuel and never rusts out. If the worth of fuel is saved a day—you save \$18.25 a year or 8% on \$230.00 a year, and you get 365 days of range happiness every year.

It's the "Range Beautiful." Just the range every country home needs—it never rusts out nor wears out—it never gets old and will always be admired by those who see it. SATURDAY the "COPPER-CLAD CRANK" will have one of these ranges on the sidewalk in front of our store. He will show how it works and how it bakes.

It costs you nothing to have a look. At least come round our way on Saturday and see the most beautiful range in all the world.

SOCIAL AFFAIRS

Stephan-Kramer.
Many Newark guests attended the marriage of Miss Mary Stephan, daughter of Mr. H. H. Spaulding, to Mr. Kramer, which was solemnized last evening at the home of the bride's parents, Dr. and Mrs. Orin Meekling Kramer.

The ceremony was played by Miss Edna Vollrath as an accompaniment to the marriage ceremony. Two hundred guests witnessed the marriage service, read by Rev. J. F. Kanuth of Williamsport. The bride party was grouped about an altar of palms with cathedral candles rising from the back and sides. White and green were used throughout the home with pompon chrysanthemums for the bridal table and other tables in the dining room.

Miss Katherine Brison, Millersport, played the wedding march from Lohengrin, accompanied by the harpist. The bride was attended by Miss Bertha Holtkamp, maid of honor; Misses Mary Myer and Elizabeth Darmody as bridesmaids. Mr. Theodore Neal of Charlotte, N. C., was best man. The bride was dressed in a gown of white georgette with beaded designs. Her veil of tulle fell just below the hem of her gown. Ophelia roses and swansons in shower effect formed her bouquet.

Miss Holtkamp wore a gown of turquoise blue charmeuse with touches of pink velvet facings on the panels. Her flowers were white and pink peonies. Miss Darmody was in a frock of rose pink tulle with overdrape of tulle and had an arm bouquet of Primrose and pink sweet peas. Miss Myer wore green tulle with tulle overdrape and bodice formed of silver lace. Her flowers were roses and sweet peas.

Members of the bridal party, Dr. and Mrs. Kramer and Miss Mary Stephan, parents of the bridegroom, received. Mrs. Kramer wore a gown of white organdy with real lace and hand embroidery. Her flowers were Russell roses. Mrs. Stephan was in blue charmeuse with crimson roses.

At the bride's table covers were laid for the bride party and Messrs. Frederick Hill, Byron B. Pryor, John Bradock, Newark, and Ray Lee Jackson, Columbus. In the same room was a group of young married folk at whose weddings last evening's bride had acted as bridesmaid. They were Mr. and Mrs. E. C. Mauger (Mary Musselwhite), Hebron; Mr. and Mrs. Paul D. Morrow (Ruth Pence), Hebron; Mr. and Mrs. C. C. Starrett (Elizabeth Spencer), Newark; Mr. and Mrs. H. H. N. Fawcett (Wilda Reese), Canton; Mr. and Mrs. A. D. Evans (Helen Dushman), Hebron; and Miss Amanda Thomas and Frederick Kramer, brother of the bride.

Among the guests were the grandmothers of bride and bridegroom, Mrs. Caroline Haver, Millersport, and Mrs. Mary McCowan, Newark. Mr. and Mrs. C. O. Metcalf and Mrs. L. E. Boyer, Los Angeles, were others. After a week's stay in Cleveland, Mr. and Mrs. Stephan will make their home in Canton, where he is chemist with the United Furnace company.

Mr. Stephan was born at Hebron, N. Y., and was graduated from Ohio Wesleyan University after his return from service in the navy. He is a member of the Sigma Chi fraternity. A. S. Stephan, who formerly lived at Hebron, was at Ohio State University. She is a Delta Gamma.

The daughters of Timmy will meet at the parish house on Friday afternoon at 2 o'clock.

Friday evening Mr. and Mrs. Ernest Thorpe were given an old fashioned bell and miscellaneous shower at the home of the bridegroom's parents, Mr. and Mrs. O. H. Thorpe at Centerville. Many beautiful and useful presents were received. A delicious luncheon was served which added to the pleasure of the evening.

Mrs. Elizabeth Swisher and Miss Lucinda Swisher entertained the members of the North Franklin Missionary society Thursday afternoon. Mrs. L. E. Dumm led the devotional after which the lecture was taken on the subject being "Our Thank Offering."

An interesting program was given consisting of readings by Mrs. Osburn, Mrs. Cotterman, Mrs. Wilkins, Mrs. Dvors, instrumental music by Mrs. Norris Taylor, and a song, "I'll Stand By 'Till the Morning" by Mrs. Dush-homer and Mrs. Durim. Mrs. Hughes gave the reports of the convention which was held at Marietta. An appetizing luncheon was served. The next meeting will be held at the home of Mrs. Ocie Orr in December.

Mrs. Kate Reuter delightfully entertained at her home in Burr avenue on Tuesday afternoon in honor of her daughter, Mildred Louise, it being her seventh birthday anniversary.

During the happy hours and dainty refreshments were served to eleven guests. The home was arranged for the occasion and a large birthday cake with candles was on the table. Many pretty gifts were received.

Those present were Evelyn Robinson, Mary Priest, Pauline Baker, Francis O'Brien, Dorothy Wilkins, Joe Gray, Harold Nebinger, Clyde Armstrong, Wilson Maurel and Woodrow Kreider.

Mrs. Curtis Messick was hostess to the members of the W. W. class of the Licking Baptist church at the home north of Hebron. After the regular meeting the time was spent in needlework, and refreshments were served the following: Mesdames James Stoumb, Paul Kochendolfer, Will Evans, H. B. Neuhouser, Edgar Jones, Richard Black, Jones, Misses Viva Orr, Mary Ruffner and the hostess.

The next meeting will be at the home of Mrs. James Stoumb in Hebron on December 4, 1919.

Mrs. Mary Meckling and mother of Prior avenue entertained the following guests at dinner Sunday, Mr. and Mrs. J. E. Sigler and daughter Mary, Mr. and Mrs. George Moulton and son Forest, Mrs. Morrison, Japheth Meckling, and Mrs. V. F. Parr.

Mrs. Jesse Chamberlain was hostess to the Social Embroidery club Wednesday afternoon. After the regular business, including the taking in of three

new members, the afternoon was spent in a social way. Dinner was served to the members and following guests: Mrs. Logan McVicker and Mrs. Secret of Pleasant City.

The club will meet November 26 with Mrs. G. L. Howarth.

Miss Carrie Brennan is entertaining the members of her exclusive club this evening at her home in North Fifth street with a masquerade party.

The husbands of the Jolly Stitches of Jack-o'-lantern were the hosts last evening to their wives, entertaining them with a chicken supper at the Clark Hotel. After the supper Miss Sallie Swan of Jacksonville opened her home for the entertainment of the wives and several hours were passed in a very pleasant manner with games and other social diversion.

Kates-Orr.
The marriage of Miss Mary Orr and Mr. John Kates was solemnized on Wednesday evening at 8 o'clock at the parsonage of St. Francis de Sales church. Rev. Father B. M. O'Boylan read the marriage service.

The bride has been employed in the cloak and suit department of the W. H. Mazyer store. Mr. Kates is associated with his father in the Kates grocery in South Fifth street. After a short wedding trip they will be at home in South Fifth street.

Smith-Rehbeck.
Rev. G. Bohon Schmitt officiated at the marriage of Miss Doris Rehbeck and Mr. David C. Smith, Wednesday afternoon at 4:30 o'clock at his home in North Fourth street. They were unattended.

The bride and Mrs. Smith left for a trip to Indianapolis, and will be at home in Chicago. The bride is the daughter of Mr. and Mrs. Louis Rehbeck, while Mr. Smith's home is in Indianapolis. He is a high pressure steam fitter and returned in April from France where he served two years.

Miss Mildred Islet entertained the members of the Q. T. club at her home in Poplar avenue, Wednesday evening. The evening was spent in needlework and music was furnished throughout the evening by the members. A dainty luncheon was served.

Jacob Davidson.
The funeral of Jacob Davidson, who died Wednesday morning will be held Friday morning at 10:30 in the Drusby Fork church and burial will be made there.

Mary K. Fisher.
Mary K. Fisher was born August 12, 1846 and departed this life November 5, 1918, aged 73 years, two months and twenty four days. She was married to John T. Dissett, November 28, 1867. Her husband preceded her to her Heavenly home five years ago. She was the mother of six children, five daughters and one son; three of whom have gone on before, Sarah, Mehrina, Rosanna and Josie May. Those living are Mary Laura, Laura, and John W. of Muskingum county. She leaves 13 grand children and five great grand children, and one brother George W. Fisher, and other friends and relatives who mourn her departure. At the age of 17 years she united with the U. B. church at Mt. Olive. She moved her membership to the Gratiot Methodist church, where she remained twelve years ago. Her place in the sanctuary was seldom vacant, when able to attend. She was a kind mother, a good neighbor and will be greatly missed by those who knew her best. But we believe that she today is among the blest in the home of many mansions, where there are no parting and no more death, for the former things are passed away.

Rest for the tired hands
For the work of life is done,
Rest for the weary feet,
For the race of life is run;
Rest for the aching head,
For the cares of life are o'er,
Rest for the weary heart,
On Heavens Eternal shore.

CHARGES MOTHER-IN-LAW CRITICISES HER RELIGION

Charging that her mother-in-law criticized her for her religious beliefs, Edna McEwen, through her attorney Henry C. Ashcraft, has filed petition in probate court against Donald L. McEwen. The parties were married Jan. 20, 1919, and plaintiff alleges defendant is guilty of neglect in that ever since their marriage he has compelled the plaintiff to live in the home with his people and that defendant's mother differed with the plaintiff in her religion and would criticize the plaintiff for not belonging to her particular denomination.

It is also alleged that ever since their marriage defendant has refused to provide plaintiff with the common necessities of life and she was compelled to work in a drug store to earn money for her own living, that defendant was guilty of extreme cruelty in calling her vile and indecent names and said he had no love for her. Plaintiff asked the court to grant her a divorce and allow her permanent alimony and that she be restored to her name of Edna McPeak.

Wants Alimony From Garrison.
Barbara E. Garrison, through her attorney B. G. Smythe, has filed a petition in common pleas court against Le Roy Garrison, asking that the court grant her alimony and that defendant be restrained from interfering with the complainant or her property. She states that Garrison makes from \$35 to \$40 per week. The suit follows a petition for divorce filed Monday by Le Roy Garrison.

Charges Gross Neglect.
Lena Meeker has filed a petition in common pleas court against Charles Meeker, asking that she be divorced, that the court find that the defendant is guilty of gross neglect of duty and failure to provide L. C. Russell is named as plaintiff's attorney.

Common Pleas Notes.
All paternity cases have been assigned for trial on Tuesday, Dec. 9. Judge John B. Worley rendered decisions Thursday as follows: Marion Marion versus Pete Chuma. Second ground of motion to the petition sustained.

P. Smith Sons Lumber company versus Joseph Stasel. Demurrer overruled.

Eva M. Nutter, administratrix, versus Jacob Shrader. A suit for damages growing out of the death of Mrs. Nutter's husband, a policeman. Motion to petition sustained in part and overruled in part.

McGuire D. Cessna versus Allen Casy. A suit brought for the specific performance of a contract for the conveyance of real estate. Submitted to the court upon demurrer to the second cause of action.

Howard Ramey versus Jos. H. Cornell. A suit for damages growing out of a collision between Ramey's buggy and Cornell's automobile, in which the jurors awarded plaintiff \$450. For hearing Thursday on a motion filed by the defendant for a new trial.

Wm. Targett, et al., versus Florence Fry, et al., an action in partition, the question for determination arising upon the proper construction of the will of the late John Targett. For trial Thursday.

Ono Electric Ry. company versus J. W. Mast. Petition in error; judgement of lower court affirmed.

James Welsh versus Harold Wilson, et al., a suit for damages growing out

of an automobile accident. Demurrer to petition sustained.

**Famous Old Recipe
For Cough Syrup**
Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It not only holds off a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes. Avoid disappointment by asking your drugist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

FINED \$50 FOR USING UNSEALED SCALES

John H. Mote, a state deputy inspector of the department of agriculture, was in the city late yesterday and subscribed to an affidavit against Jacob H. Lichtenstein, dealer in fruits and vegetables, charging that he was using a spring family scale which had not been sealed or marked by the secretary of agriculture of Ohio or any employee of that department, nor by the county or city sealer of weights and measures, so it would compare with the legal standards with seals provided by the state department for that purpose. Lichtenstein had a hearing before Mayor Atherton this morning and was fined \$50 and the costs, the fine being remitted upon his promise to at once comply with the law.

FORMER NEWARK MAN GETS COLUMBUS PLUM

Mayor-Elect Thomas of Columbus has formally announced his appointments and among them was that of John P. McCune to become director of public safety.

Mr. McCune, a former Newark man, has resided in Columbus for a number of years. He was recently general manager of the Blair Motor Truck company, until it was reorganized by the American Motor Truck company.

Mr. McCune worked with the American Protective League in Columbus during the war, which is said to have given him a first hand acquaintance with problems confronting a safety director.

ATTENDS MEETING OF DEPUTY FIRE MARSHALS

Fire-Marshal John Baird went to Columbus today to attend the meeting of marshals from over the state, called by the new state fire marshal, Mr. Baird returned Wednesday from Zanesville where he was chief witness at the Simon Strogus trial. Strogus was indicted by the grand jury for murder in the second degree when he burned his house and members of his family last August. Baird happened to be in Zanesville on business at the time of the fire and went immediately to the scene. The case is being tried before the court of common pleas.

MAYOR WILL OPEN ARMY STORE HERE

Mayor H. A. Atherton is in Columbus today arranging for the shipment of a car load of goods for a municipal store to be opened in this city. The goods will probably arrive the first of next week and due notice of the plan of procedure in their disposition will be made by the mayor. All goods must be sold at the price named by the government in its quotations to retailers with an allowance of ten per cent for overhead expense, freight, drayage, rental, labor, light, fuel, etc.

FIRE UNDERWRITERS MAKING TESTS HERE

Representatives of the National Board of Fire Underwriters, who are making a survey of the water works plant of the city, were making flow and other tests from the water hydrants today. The water pressure in the business district registered between 110 and 115 at the various hydrants. The engineers for the past two weeks but will not complete the survey for several more weeks.

THE MARKETS

Wall Streets. New York, Nov. 13.—Distinct improvement was shown by the stock market at the opening of today's session. Issues which suffered greatest depreciation in the trading of the past few days rallied 2 to 5 points. In the case of General Motors a 15 point rally was recorded with 6 and 9 points for Texas company and Mexican Petroleum. Other stocks too showed substantial gains, including American Woollens, Hide and Leather preferred, American Tobacco, Baldwin Locomotive and general specialties. Seasoned industrial and investment rails were firm to strong. Crucible Steel was among the few exceptions to the general trend, losing 5 points. Within the first half hour the market's tone became somewhat irregular. General Motors contributing to the unsettlement by foreclosing more than half its receivables.

New York, Nov. 13.—Reactions of the first hour effaced in large part, or wholly the gains made by oils, equipments and steels, tobacco also yielding to pressure. Some of these stocks were foregone in the second rally. Crucible for example, also shippings and leathers, were firm to strong and speculative as well as investment rails continued to improve. The market again reversed its course before noon, however, fresh selling was prompted when new high initial rates were established for call money. Renewals were made at 15 per cent but 16 per cent was demanded for new loans.

"A NEW LEASE OF LIFE THROUGH INTERNAL BATHS"

Mr. E. Shain of Santa Cruz, Cal., writes to the Tyrrell Hygienic Institute: "My wife and I will be 85 years young next birthday and consider that the 'J. B. L. Cascade' has given us a new lease of life for we now enjoy the best of health. We were going down hill fast but the Cascade has given us such health as we have not enjoyed in years."

The "J. B. L. Cascade" cleanses the lower intestine of its entire length and keeps it always free of poisons and waste. Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliaryness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Sature Treatment.

Hudson Avenue Pharmacy, R. L. Williams, proprietor, 322 Hudson Avenue, corner Oak street, Newark, Ohio, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on internal bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity.—Adv.

Seven Cars Reported Stolen.
Police Chief James Sheridan re-
ceived seven requests this morning to
be on the lookout for stolen cars. Three
were Ford touring cars one a Buick,
a Stutz, Dodge and Grant. Rewards for
the recovery of the machines ranged
from \$50 to \$250. An average of half
a dozen stolen cars is reported daily.

Held on Forgery Charge.
An under sheriff from Pontiac, Mich.,
arrived in this city this morning, travel-
ing with James Hall, arrested in
Ledy street by Police Chief James
Sheridan for the Pontiac officials. He
is charged with uttering several checks
inspired New Road.

The county commissioners today are
inspecting a road in Jersey township.
property owners along the highway
leaving petitioned for a sixteen-foot wide
road. The road extends from the
Johnstown-Columbus road to Beech
corners and runs parallel with the
Franklin county line.

Prof. Williams to Speak.
Professor C. J. Williams, of Denison
university, will speak Sunday at 2:30
and again at 7 o'clock at the annual
home-coming at the Maple avenue
Christian Union church.

Fined for Illegal Hunting.
The case of Ohio vs. Edward and
Dewey Young of near Union station,
charged with hunting without a license
was heard in Justice Jones' court. They
were fined \$25 each. Edward, the older
brother paid the fine and the fine was
suspended in the case of Dewey and
he paid the costs. The brothers had
changed their plea from not guilty to
guilty.

Will Continue Campaign.
Ohio has failed to secure its \$500,000
quota of the \$5,000,000 Roosevelt Mem-
orial fund. It is announced that the cam-
paign will continue until the funds are
secured. Indications are that the state
is many thousands dollars short.

Boys Filling Station.
A company has been formed in this
city, headed by O. H. Brown, traveling
representative in this district for the
Standard Oil company. Charles H.
Swank and others which has purchased
the two Swank filling stations, one in
West Main street and the other at
Whittle Point, North Fourth street.
Other stations may be added later.
Brown stated that he had not yet been
released by the Standard Oil company
and the present Swank will remain
in charge.

Patastala Car Stolen.
The Ford touring car of J. D. Porley,
residing west of Patastala, was stolen
from the garage last night. It carried
license tag 237,891, and it is believed
that the car was driven either to New-
ark or Columbus. Any information
should be telephoned Police Chief Jas.
Sheridan at the patrol station.

Stolen Car Recovered.
The Ford touring car, owned by
Frank Meredith, which was stolen in
Zanesville, Sunday evening, was re-
covered last night by police officials in
that city who notified the owner and
he reclaimed his car today. Meredith
resides south of Jacksonville.

Must File Expense Account.
Candidates for office at the recent
municipal election must file their ex-
pense account whether successful or not
and all who fail to do so are liable to
prosecution under the election laws of
the state. The time limit for filing
same expires tomorrow night.

SAYS ONLY ONE SURE WAY TO END PILES FOREVER

Internal Treatment Gives Absolute Re-
lief from All Pains and Suffering.
Has Never Failed to Effect a
Cure. Guaranteed.

Many people have become despondent
because they have been unable to believe
that their case was hopeless and that
there was no remedy for their case.
Go to your druggist and get an
original bottle of Albro Pile Remedy, the
discovery of a great Ohio chemist, that
cures internally, passes unchanged
through the stomach and intestines,
and thus reaches the source of the trou-
ble where, by its soothing, healing an-
tiseptic action, it cures the piles, and
prevents contact with the ulcers, and
piles causes them to heal and disap-
pear forever.

It's positively marvelous how speed-
ily it acts. Blessing relief often comes
in two or three days, even in cases
that have resisted all previously known
treatments really wonderful results
have been accomplished. It is one of
the wonderful discoveries of recent
years and anyone who is disappointed
with its use can have their money re-
funded.

T. J. Evans' Pharmacy, W. A. Erman
and all pharmacists dispense Albro or
can get it for you on short notice.
Surely it is worth the little trouble to
obtain to be rid of piles forever.

IMPORTANT—What is known as it-
ching piles are not piles in the true sense
of the word, but a skin disease. They
may accompany a true case of piles.
For this condition Albro Pile Ointment
has been prepared as in such cases it
is not necessary to take the internal
prescription.

MR. SEEKINGER SAYS
HE'S DONE SEEKING
STOMACH TREATMENT

Jacksonville, O., Nov. 12.—John Seek-
inger, a well known resident of this
city, states that he does not need to
look further for relief from stomach
trouble, as he has found it in Dr.
Parley's treatment for constipation
and indigestion. Here is his story:
"Two years ago I took sick with my
stomach. I bloated something awful.
Anything I ate would sour and cause
gas to form. This feeling would make
me vomit and I would have to
lay off from work. I took several kinds
of medicines and different treatments,
but they did not help me. I took Dr.
Parley's treatment for indigestion and
constipation and can now eat anything
I want as well as the best medicine
I have ever taken."

This treatment is fully guaranteed—
relied on your money back. Sold by all
druggists.—Adv.

VITALIZE THE SYSTEM

**Guard Against Influenza
and Pneumonia**

To enable the system to throw off the
poisons that gather in the menses,
which if left there would soon cause
disease and suffering, the blood must be
kept pure. Health, strength and vigor
can only be retained by cleansing the
blood of all impurities and poisons. For
constipation, indigestion, dyspepsia,
stomach, liver and kidney troubles, Bul-
garian Blood Tonic has no equal. It
cleanses the blood at night it will quickly
relieve a cold and ward off attacks of
pneumonia and grippe. Von Schlick's
Bulgarian Blood Tonic is sold by all druggists.
If you cannot get it, send us your
order. It should have it at once, quick shipment
by insured mail. Send 50 cents for a
two months' supply, or \$1.25 for a
large family five months' supply. Ad-
dress: Marvel Products Co., sole manu-
facturers of Bulgarian Blood Tonic, Mar-
vel Building Pittsburgh, Pa.—Adv.

ARM YOURSELF WITH

DUFFEE'S COUGH SYRUP

Cold Will Then Have No Terror for
Your Family.

This good old family cough syrup,
with a generation of success behind it,
is distinguished from all others by the
fact that it checks a cold successfully
right in the beginning, when the first
tickles commences in the throat.

If you have it at hand, a few doses
will show you its superior merit. But
if you are suffering from a deep-seated
cold, this good old cough syrup, when
taken with Duffee's Fifty-Fifty Tonic
Laxative Tablets, will work wonders. Its
long record of success is the best evi-
dence in the world that it has unusual
merit. It is a cough syrup of a differ-
ent, perfectly harmless and remedi-
cally helpful. Ask your druggist or
grocer for a bottle today.—Adv.

**Reduce Those Dangerous
Swollen Veins**

Physicians are prescribing and hos-
pitals are using a new and harmless,
yet very powerful germicide that not
only causes enlargement of varicose veins
and hinders them to become normal, but also
reduces goiter, enlarged glands and
wens.

Ask any first class druggist for an
original two-ounce bottle of Moore's
Emerald Oil (full strength) and refuse
to accept anything in its place. It is
such a highly concentrated preparation
that two ounces last a long time and
furthermore if this wonderful discovery
does not produce the results anticipated
you can have the price refunded.

It is not wise for anyone to allow
swollen veins to keep on enlarging.
Often they burst and cause weeks of
pain, suffering and loss of employment.
Start the Emerald Oil treatment as di-
rections advise and improvement will
begin at once. W. A. Erman can sup-
ply you.

MEDICINES USED BY MONKS
It is claimed that Monks of ancient
days knew of more than three hundred
species of medicinal plants used in gen-
eral for medicines by the monks of
olden times. Lydia E. Pink-
ham's Vegetable Compound, which for
more than forty years has been reliev-
ing women from some of the worst
forms of female ill, is no con-
sidered the standard remedy.—Adv.

Whatever Your Preference In A Winter Coat--It's Here

COATS FOR DRESSY OCCASIONS
COATS FOR GENERAL STREET WEAR
COATS FOR MOTORING

It's the season of the year when you should be looking for a warm wrap, and don't wait until the real cold days are upon you to make your selection. Now stocks are complete in all the handsome fabrics—including Crystal Cord, Silvertone, Velours, Velvets, Plushes, Hether Mixtures—as well as a big showing of handsome fur coats. Many cloth models show luxurious collars of fur, while others are of cloth. The soft warm fabrics used this season are most pleasing to wear.

IN THE MORE POPULAR PRICED COATS \$25.00 TO \$50.00 EACH

Our showing is quite extensive, including short and long plush models—moline fur—velours—zibelines—Bolivia—Hether Mixtures—Scotch tweeds—Polo Cloth—plaid back cloths. In the plain colors are brown, navy, reindeer—plum. Prices range \$25.00, \$32.00, \$35.00, \$38.00 up to \$50.00.

CHILDREN'S COATS IN ALL SIZES FROM 2 TO 16 YEARS.

The styles for the little ones are just as attractive as those for the grown-ups. Large collars, fancy buttons, odd shaped pockets and belts form many pretty trimmings.

FOR CHILDREN 2 TO 6 YEARS—are pretty little models in plush—corduroy—novelty mixtures and plain color cloths, priced at \$15.00, \$18.00, \$20.00 up to \$25.00.

FOR GIRLS 6 TO 14 YEARS—are fancy velvets—black plush—Kerseys—wool velours—polo cloths. Among the colors are reindeer—Pekin—brown—navy—dark red. Prices range \$10.00 to \$30.00.
